About This Game

Thy Climbing Journey Starts Here!

In this action packed racing game you take the role as one of the Climbalots Knights! No wall is too steep, no mountain is too tall and no exploding penguin is too frightening for you!

Traverse throught dangerous lands in search for the golden keys!

Climb alone in the singleplayer adventure, where over 30 levels contains more than just challanges and obstacles, do you have what it takes to find all the hidden golden keys?

What do the golden keys do, You may ask?

Few knights claims to know the truth, but all of them are confirmed mad men. So who knows?

Demolish current friendships as you find out whom is worthy of the title, Climb master!

With three different enviroments and each with different difficulty settings, you and your friends can experience the true knight climbing adventure... Which is filled with utterly nonsense.

Do not just rely on your own skills!

You may have the heart of a true climber, but it takes more than that in order to defeat your friends, enemies and frienemies. Use the environment hazards and power ups in order to get the upper hand, and if that fails? Just punch them to submission!
